

Company Fact Sheet: Cylogy, Inc.

COMPANY

Cylogy, Inc. is a privately held California corporation providing information technology consulting services to a wide range of global organizations. Cylogy is headquartered in San Francisco, California and maintains international operations with European offices in Paris, France.

The Cylogy team has a strong history in the information and Internet technology industries and a solid client portfolio. Cylogy has delivered successful projects to clients in both the private and public sectors. Recent engagements include: Epson America, the Dairy Council of California, Lam Research, IBM, France Telecom, Macromedia, and the United Nations.

PHILOSOPHY

Cylogy's leadership group has been sourced from organizations such as Oracle, Macromedia, Visa, and Sony. Professionalism and a focus on quality are the foundation upon which we operate.

The company's project philosophy focuses on developing consensus and positive communication patterns across the project team. Business objectives are identified early on and used as reference point during all critical decision making processes.

SERVICES

Cylogy's consulting services are focused in three specific areas: Content Management Systems, E-commerce Solutions, and Custom E-business Applications.

Two types of consulting services are offered. Business Solutions are designed to provide 100% of the required planning and implementation services for a project. And JumpStart Solutions™ are designed to rapidly align and train a team of internal resources around a project effort.
